East Kempsey

Exclusive East Kempsey

Welcome to arguably the most elegant and timeless yet contemporary residence in this part of the world. From the ingeniously simple but visually stunning reception area, the ambiance of quiet luxury continues throughout the entire family home. Architecturally designed and built by master builder Keith Griffin, this address on 1.8 acres has it all. Position and aspect, privacy and security. This is a pretty serene world where landscaped garden meets the fertile farmland below.

Drive through the security gates along the paved driveway and into the double garage where you can drive through down to the huge workshop and wine cellar which is underneath the home.

From the main entrance, the residence opens out to a classic but modern formal lounge room with marble fireplace and stunning Axminster carpet flowing through to the sitting room as well as the bedrooms.

The open plan kitchen and dining room enjoy beautiful tiled floors and modern timber features and opens out to the rear verandah offering exceptional views across the paddocks and this is a view which cannot be built out.
